

SOWNDHARYA PANNEERSELVAM

Business Analyst / Marketing & Data Analysis

Guduvancherry, Chennai 603202 | 7358542608 | Sowndloyal@gmail.com

PROFESSIONAL SUMMARY

B.Com graduate transitioning into Business Analysis, with hands-on project experience in data analysis, dashboard reporting, and process documentation. Built end-to-end Power BI dashboards for digital marketing and restaurant/order analytics, translating raw data into actionable business insights. Strong foundation in requirements gathering, issue documentation, and stakeholder communication from customer support experience, combined with Excel VBA automation skills.

SKILLS

Business Analysis: Requirements Gathering, Data Interpretation, KPI Tracking, Process Documentation, Problem Solving, Stakeholder Communication

Data & Analytics: Power BI (Dashboard Design, DAX, Data Modeling), MS Excel (Pivot Tables, Data Cleaning), RFM & Customer Segmentation Analysis, MS Access (Basic)

Programming & Querying: SQL, Python(basic)

Tools: MS Excel, Power BI, MS Word, MS PowerPoint, MS Access, MS Outlook

PROJECTS

Digital Marketing Campaign Analytics

- Analyzed digital marketing campaign data to evaluate ad spend, ROI, and conversion performance, building a Power BI dashboard with actionable insights and optimization recommendations.
- GitHub:** <https://github.com/sowndloyal-debug/Data-Driven-Insights-for-Digital-Marketing-Campaigns>

Zomato Order & Restaurant Analysis

- Built a 5-page interactive Power BI dashboard analyzing order trends and restaurant performance, identifying key patterns to support data-driven business decisions.
- GitHub:** <https://github.com/sowndloyal-debug/Zomato-Order-Restaurant-Analysis-Using-Power-BI>

WORK EXPERIENCE

Associate, Commercial Content Manager | iHeartMedia (via Wipro Ltd.), USA Radio Stations

- Processed advertisement spot requests from Account Executives for multiple radio markets, coordinating talent and scheduling to meet client advertising requirements.
- Managed market-specific content workflows across assigned stations, ensuring accuracy and timely delivery of advertising spots.

Associate – CS Internet | Sutherland Global Services, Chennai

Jul 2022 – Present

- Resolved technical and network issues for customers via phone, chat, and email while accurately documenting each case for consistent issue tracking.
- Used MS Excel with VBA macro automation to streamline repetitive tasks and improve reporting efficiency.

Process Executive | Healthcare Diagnostics Limited, Chennai

2021

- Handled customer queries via phone, gathering requirements and documenting issue status to ensure accurate tracking through resolution.
